

Russian Mortar Days 2018
 30 and 31. January 2018, Moscow, Russia
 Mocsow State Civil Engineering University MCU (Tuesday, 30.1.18)
 Excursion to Cedrus Plant in Kolomna on Wednesday, 31. January 2018
 Call for papers ended mid-Oct 2017

Preliminary List of Topics*

Company/Institution	Lecturer/Author	Topic
(tbd.)	Vera Kuzmina	Features of Drymix Mortar Application when Carrying out Painting and Decorating Works in Various Climatic Conditions
Actemium	Valérie Audiau	Flexiplant – Smart modular and flexible mixing plant for dry mortar
Akzo Nobel Chemicals AG	(J. Lang)	Maximize the life time value of tile installations
Belgorod State Technological University	D. Sums koy	Composite Systems for Thermal Insulation
Building Information Agency	E. Botka	(working title) Russian Market of Drymix Mortars: Results of 2017 and Forecasts of the Development for 2018-2019
CEDRUS and drymix.info	A. Shein, F. Leopolder	Excursion to Kolomna
Ferro	Dani Lladó	Mortar Coloration - Options to Enhance Aesthetics and Performance
Institute of Building materials and technologies at MCU	(lecturer tbd.)	Certification of Drymix Mortars Taking into Account the Reform of Accreditation of Testing Laboratories
Kerneos	Galaad Bul teau	Boosting Cold Temperature Performance of Drymix Mortars
Lahti Precision	Kari Saarinen	Customized and versatile drymix plant- FlexiBatch concept from Lahti Precision
MCU, Vice-Rector	A. Pustovgar	Designing formulations of Drymix Mortars, Taking into Account the Life Cycle of Buildings
Norkem	E. Makhov	Surfactants for Use in the Construction Chemical Industry
Poraver	A. Juzas	Volume based formulations with Lightweight Functional Aggregates
Wacker Chemie	D. Firsae v	Main trends in the Development of the European SAS Market

* Subject to change without notice; status 30.11.17
